Gun rights: Discrimination or safety

HB 1355 went into effect today

Tallahassee, Florida - United States, 01.07.2013, 20:15 Time

USPA NEWS - HB 1355, 1 July 2013, went into effect today being signed by Governor Rick Scott. Is it necessary or discriminating for ratings? Is the legislative branch turning into a Hollywood production or has it lost it´s way do to lack of oversight without foresight?

An excerpt: "˜Purchase of Firearms by Mentally Ill Persons: Provides conditions under which person who has been voluntarily admitted to mental institution for treatment"¦´

Leaps and bounds are presented here with extreme potential for not only discrimination but also abuse. Lets not forget those suffering funerals or deaths in the family who have a moment of depression, now will pay for it in the long run and be labeled "mentally ill."

Now citizen´s gun rights are being left not in the hands of law makers but in the hands of the already corrupt health care agencies of Florida. Look at how many physicians are arrested, "˜in the United States number one for public corruption State of Florida´, for racketeering, collusion and corruption in Florida, especially pill mills.

Summary:

Section 242 of Title 18 makes it a crime for a person acting under color of any law to willfully deprive a person of a right or privilege protected by the Constitution or laws of the United States.

For the purpose of Section 242, acts under "color of law" include acts not only done by federal, state, or local officials within the their lawful authority, but also acts done beyond the bounds of that official´s lawful authority, if the acts are done while the official is purporting to or pretending to act in the performance of his/her official duties. Persons acting under color of law within the meaning of this statute include police officers, prisons guards and other law enforcement officials, as well as judges, care providers in public health facilities, and others who are acting as public officials.

Facts:

Most crimes of passion are not done by mentally ill people but by people in a heat of passion or rage. In fact you can find facts here.

Fact 1: The vast majority of people with mental illness are not violent.
Fact 2: The public is misinformed about the link between mental illness and violence.
Fact 3: Inaccurate beliefs about mental illness and violence lead to widespread stigma and discrimination.
Fact 4: The link between mental illness and violence is promoted by the entertainment and news media.
Here is what researchers say about the link between mental illness and violence:
